

JUGGERNAUT ANNOUNCES STRATEGIC FINANCING WITH CONTINUED SUPPORT BY BOTH CRESCAT CAPITAL & DR. QUINTON HENNIGH TECHNICAL ADVISOR

Vancouver, British Columbia – November 6th, 2023 – Juggernaut Exploration Ltd. (TSX-V: JUGR) (OTCQB: JUGRF) (FSE: 4JE) (the “Company” or “Juggernaut”) is pleased to announce a non-brokered financing of up to \$2M dollars. Crescat Capital LLC (“Crescat”) has agreed to purchase 385,000 units in conjunction with Dr. Quinton Hennigh personally to subscribe for 154,000 units in this institutionally supported financing. This is a follow-on investment by Crescat Capital, previously announced on May 12th, 2023 ([Link to May 12th 2023 news](#)). Post-closing of this financing, Crescat Capital will retain a significant portion of the company. Juggernaut welcomes this additional strategic investment from Crescat Capital and technical support from Dr. Quinton Hennigh. Juggernaut’s projects continue to garner strong interest and support from leading institutions and miners alike globally, confirming the quality of its three fully permitted, 100% controlled, drill-ready projects, Midas, Empire, and Bingo, located in world-class geologic terrane of Northwestern British Columbia encompassing the Golden Triangle.

Dr. Quinton Hennigh is a special technical advisor to the Company and technical and geologic director of Crescat. Dr. Hennigh is a world-renowned exploration geologist with more than 30 years of experience, including with major gold mining firms Homestake Mining, Newcrest Mining, and Newmont Mining.

Dr. Hennigh stated, “Juggernaut had a very successful exploration season in 2023. Over the past couple of years, the Company’s exploration team diligently accumulated high-quality data to define drill targets with maximum chance of success at the flagship Midas precious metal-rich VMS project near Terrace, BC. That work paid off this year when Juggernaut encountered long intervals of stockwork feeder mineralization displaying considerable sulfides, including chalcopyrite. This program has confirmed the presence of a sizable, strong VMS system at Midas. We anxiously await results from this encouraging drill program.”

The funding will consist of up to 15,400,000 units (“Units”), priced at \$0.13 each for gross proceeds of up to \$2,002,000. Each Unit will consist of one common share plus one warrant to purchase one common share at \$0.25 for a thirty-six-month period with a conversion option at managements discretion “may” exercise at \$1.00 upon 10 consecutive trading at or above. Completion of the offering is projected to close on or before November 20th, 2023.

Mr. Dan Stuart, Director, President, and CEO of Juggernaut, states:

“We are pleased to strengthen our ongoing relationship with both Crescat Capital as a strategic investor and Dr. Hennigh as a Special Technical Advisor and personal investor. We look forward to continuing to work with our partners, who bring a proven track record of both financial and technical strength. This will enable Juggernaut to unlock the full potential of its assets over the long term, building value for all shareholders. This investment and continued strategic partnership, coupled with the ongoing support and interest from other globally recognized Institutions and senior miners, is a strong endorsement that clearly demonstrates the significant near-term discovery potential of our 100% controlled properties. Post financing, Juggernaut will have a tight capital structure of just 77,941,760. As such, we are well-positioned to move forward with our plans of further drilling on Midas, Empire, and Bingo. With much anticipation, we look forward to releasing drill results once received, compiled with, and interpreted by the technical team

The Company may pay finder's fees of the gross proceeds from the financing in cash and compensation options on units being sold. This non-brokered private placement is subject to TSX Venture Exchange approval. All shares issued pursuant to this offering and any shares issued pursuant to the exercise of warrants will be subject to a four-month hold period from the closing date.

About Crescat Capital LLC

Crescat is a global macro asset management firm headquartered in Denver, Colorado. Crescat’s mission is to grow and protect wealth over the long term by deploying tactical investment themes based on proprietary value-driven equity and macro models. Crescat’s goal is industry-leading absolute and risk-adjusted returns over complete business cycles with low correlation to common benchmarks. The company’s investment process involves a mix of asset classes and strategies to assist with each client’s unique needs and objectives and includes Global Macro, Long/Short, Large Cap, and Precious Metals funds.

Crescat is advised by its technical consultant, Dr. Quinton Hennigh, on investments in gold and silver resource companies. Dr. Hennigh became an economic geologist after obtaining his Ph.D. in Geology/Geochemistry from the Colorado School of Mines. He has more than 30 years of exploration experience with major gold mining firms, including Homestake Mining, Newcrest Mining, and Newmont Mining. Recently, Dr. Hennigh founded Novo Resources Corp and is

serving as Chairman. Among his notable project involvements are First Mining Gold's Springpole gold deposit in Ontario, Kirkland Lake Gold's acquisition of the Fosterville Gold Mine in Australia, the Rattlesnake Hills gold deposit in Wyoming, and Lion One's Tuvatu gold project in Fiji, among many others.

The use of proceeds from this financing is for an option payment requirement related to Bingo, Due Dec 30th, 2023; Bingo is located next door to our sister company, Goliath Resources Surebet Discovery. Bingo contains the same world-class geological units, including Hazelton Volcanics and related sediments and intrusives, as well as completion of Midas and Empire interpretation and general working capital.

About Juggernaut Exploration Ltd.

Juggernaut Exploration Ltd. is a precious metals project generator in the geopolitically stable jurisdiction of Canada, focused on the prolific geologic setting of northwestern British Columbia encompassing the Golden Triangle.
